

## CLAYTON'S MONKEY-WRENCH

Little noticed in the exciting news of a new get-together between Uncle Sam and Russia, with the possibility of a durable peace again on the horizon, was a remark by a former high American official which could easily be the monkey-wrench that wrecks all prospects of success in this meeting.

Will Clayton, former Undersecretary of State and close in the confidence of both the Roosevelt and Truman administration, said publicly that there can be no peace UNTIL RUSSIA RETURNS TO HER PRE-WAR BOUNDARIES.

This was a rash, war-mongering remark by Mr. Clayton. It sets up an impossible condition for the proposed meetings with Russia. It reflects a completely bad faith on the part of at least one school of American thought—one which, if reflected in the National Government, will make the conferences with the Russian envoys nothing but a tragic joke.

In his capacity as a private citizen, Mr. Clayton is entitled to whatever opinion he may choose to hold concerning the Russian problem. He may, if he wishes, feel that the American people are "soft" not to have hurled the atomic bomb at Moscow long ago. He may consider that we are wasting time not mowing our forces for an immediate attack—for even discussing the possibilities of peace.

But Mr. Clayton cannot pose as a private citizen alone. The fact that made his remark worth even slight mention in newspapers is that he is a man who formerly dominated much of our foreign policy; that he still stands high in the confidence of the Truman Administration; that he can qualify, in a sense, as an "expert" of standing and wide reputation.

Russia has no possible way of knowing whether this concept of the only available basis of peace is held by a large number of American citizens; nor whether it is a trial balloon for views which are soon to be expressed by the White House. If either is the case, Russia has no incentive at all to take seriously our various official proffers to sit down in good faith and talk things over.

Moreover, even in private-individual opinions, expressions about them ought to be intellectually honest and reasonably logical.

The Clayton remark is fundamentally dishonest. It implies that Russia won all her post-war territory by aggressions—won them fraudulently, and is holding them by force.

The fact is that at least 90 percent of the new lands Russia calls hers were explicitly awarded her by the joint action of President Roosevelt and Winston Churchill.

Thus she acquired Manchuria and the Kuriles; thus she won the Balkans. Both these groups were conceded to her officially at Yalta.

There also she was given permanently the half of Poland she had split off in her deal with Hitler. She was given also the other half of Poland as well, but the more round-about process of letting her set up the new government there, and purge all the Polish independents she could get her fingers on.

Her pre-war conquests of the Baltic states were ratified at the Yalta conference, where she also was made "tutor" over Finland. She also was allowed to occupy the Eastern Half of Germany.

## Hagerman Explains Who Are Poor Housekeepers

Who are the poor housekeepers in Bristol? Fire Chief Clifford Hagerman asks that question. He says "poor housekeeping is one of the major causes of fire which last year destroyed \$711,114,000 worth of property—and took about, 11,000 lives."

However, Chief Hagerman's definition of poor housekeeping is not the usual one. He says "a house might look clean and neat in the ordinary sense, but still be full of fire hazards." He emphasizes that a good housekeeper is one who keeps fire hazards cleaned up completely.

Chief Hagerman gives his full support to the Clean-Up campaign. One of the purposes of the campaign is to clean up hazards—such as dirty chimneys, old wooden shingle roofs and accumulations of debris—which have accumulated during the winter.

Clean up fire hazards—or be cleaned out by fire!

### SPRAINS ANKLE

CORNWELLS HEIGHTS, May 10—Falling over a plank at his work, at the Schutte & Koerting Co. plant, here, yesterday afternoon, Albert Sozio, Bristol, sprained his ankle. He was taken to the office of a Bristol physician for treatment.

### SAUCERS ARE NO JOKE

News that intelligence officers of the Air Force have spent two years carefully scrutinizing stray bits of evidence on "flying saucers" indicates, if nothing else, that the phenomenon is by no means a dead subject.

The air intelligence section has just released a voluminous report which tells what they have been able to find out about these celestial skimmers. It also sets a few fantastic theories to rest.

Major conclusions are that the saucers are not atomic powered, that they are not space ships, nor are they visiting air yachts from other planets.

The need for such a study was obvious. Beginning in June, 1947, hundreds of people, including many airmen and a few top level Air Force officers, had seen the saucers. Of the cases that have been investigated, careful sifting of available evidence has shown that perhaps 30 per cent can be chalked off to "aerial objects" such as weather, balloons and birds. Another 30 per cent were astronomical phenomena.

The other 40 per cent of the reported sightings cannot be solved.

The saucer problem is no joke to the Air Force. At least two military aviation tragedies have been the result of attempts to close with the objects. In one case the pilot, and in the other the pilot and co-pilot, died under circumstances that can logically be blamed on the weather, or mechanical failures. But there is enough of the unknown about the cases to set one's spine tingling unpleasantly.

The Air Force is now applying regimentation to the investigation. Reports of saucer sightings are followed up by investigation teams and the observer is requested to fill out a long questionnaire. A digest of the reports, coupled with information already at hand, gives air intelligence some perspective of the problem.

Meanwhile the research goes on, and reports continue to trickle in—at the rate of approximately 12 a month. And still the saucers continue to wheel, dip and hum, to the amazement of the few and the irritation of the Air Force.

### MORE NURSES NEEDED

It is estimated there is a shortage of 50,000 doctors and of three or four times that number of nurses in the United States. These figures are no doubt exaggerations but efforts are being made to expand facilities of medical schools to accommodate more students. Similar action is required in the field of nursing.

Without the nurse, who has taken a great burden off the doctor in the past generation the shortage of doctors would be more acute. Where a nurse is available, it is no longer necessary for the doctor to spend long hours with a patient.

Nurses associations are engaged in a drive to encourage high school graduates to enter nursing schools. The public should aid in this effort. It is very much a part of improved health services which everyone desires.

## Clayton's Monkey-Wrench

Continued from Page One

CLAYTON WAS HIGH IN THE U. S. GOVERNMENT DURING THE TIME THIS WAS BEING DONE. HE WAS IN THE CONFIDENCE OF ROOSEVELT DURING THAT PERIOD, AND OF TRUMAN WHEN, LATER, MUCH OF THIS WAS RE-AFFIRMED AT POTSDAM.

WITH THE FACTS UNMISTAKEABLY KNOWN TO HIM, HOW CAN CLAYTON NOW EITHER HONESTLY OR LOGICALLY DEMAND THAT RUSSIA SURRENDER TERRITORY BESTOWED UPON HER BY THESE TWO PRESIDENTS HE SUPPORTS?

In the proposed new peace talks, there is one point where there is no middle ground.

Either we go into them in good faith, determined to try a combination of sincerity and firmness with Russia—or we go into them with deceit in our hearts, with no real intention of finding a basis of peace, or accepting it if we do.

It has somewhat gone out of fashion for American commentators to look realistically at the true facts of foreign affairs, or to discuss them frankly. This disease played a large part, it may be, in producing the Republican Party's disasters at last fall's elections.

Under the "bipartisan" sham, the American people are getting mainly only one side of the story—and a dolled-up distorted version at that.

More than two years ago this newspaper pointed out that the "war scare" with Russia was at least partially a phony. It pointed out that President Truman and the then new Secretary of State, General Marshall, were "getting tough" with Russia for certain things which had been officially ratified on our part, by Roosevelt at Yalta and Truman at Potsdam.

It was pointed out that Mr. Truman had two great advantages to gain from such a war scare—one, an improved "atmosphere" in which to run for re-election; two, vast "emergency" powers privileged by the picture of impending war.

More recently, it has been emphasized that Russia's real target all the time appears to have been the vast country, population and resources of China—that she merely stirred up dust in Europe to screen her real interests.

Russia has completely outmaneuvered Mr. Truman in the cold-war on the continent. She kept the Berlin blockade going when it suited her purposes, and now has terminated it at a time when it upsets our whole schedule for an independent Western Germany and a Western Union of the European States.

A great many high spokesmen of the Truman Administration have been taking the position that no peace proffer by Russia should ever be taken seriously. Other high spokesmen have advanced the ingenious argument that our present so-called prosperity is all founded on the great defense and foreign-relief spending by the government, so that "peace would be deflationary."

If this nation is in the grip of forces or groups which are determined to push this country into war with Russia, whether it is necessary or not, there is a technique by which they can get out of the box Russia put Truman in when it forced him into these pending peace discussions—forced him by the expedient of surrendering to every stipulation he laid down.

That is to annoy and antagonize the Russian representatives by insulting statements before the conference, by impugning their good faith, by setting up impossible conditions for them to meet, by stating in advance that they won't ever trust the Russians enough to make peace with them.

This technique was used repeatedly during the conferences held in the early stages of the "cold war". No wonder the delegates got nowhere!

Now the big question arises, is this to be done again?

And if so, was Will Clayton's remark the tip-off signal for a barrage of declarations that will wreck the conferences before they are held?

Public thinking on these matters is gravely confused. So much so that individuals who protest about bad faith, double-dealing, treachery, broken promises and the like on the part of the American government in its foreign policies are apt to find themselves promptly classed as pro-Communists. Surely there is a distinction between the belief that the United States ought to conduct its foreign affairs on a high level of integrity, sincerity and intellectual honesty—and the supine always-give-in-to-Russia attitude of men like Henry Wallace.

At any event, the facts speak for themselves. This nation kept none of the promises its leaders made to the small nations of Europe in the so-called "Atlantic Charter." It traded them all out trying to appease Russia. Neither has it kept its word to Russia—not the letter of the agreements at Yalta nor the Truman promises at Potsdam.

These agreements were horrible mistakes. But the mistake was in making them. Once our word was given, it was only self-deception to pretend (as Clayton does) that Russia was seizing what she had been officially awarded.

Unless Uncle Sam is going to run his diplomacy with the cards on the table, and his word as his bond, then we are in for a continuance of shyster statesmanship—with World War III the inevitable outcome.

### Those Who Enlist Will Have Many Opportunities

High school graduates who enlist in the U. S. Air Force will have many opportunities to continue their education. Staff Sergeant Lavelle, the local recruiting Sergeant announced today.

The Air Force is placing emphasis upon educational standards, because so much of its work calls for highly developed skills and high intelligence. The intelligence and educational level of the average Air Force recruit today exceeds that of any large military organization in history.

Air Force recruits have an opportunity to obtain additional academic instruction in at least three ways: Correspondence courses under supervision of the United States Armed Forces Institute. Approximately 6,000 college courses are offered by 79 colleges and universities in cooperation with USAFI. 2. Attending classes at nearby colleges during off-duty hours. (This procedure is encouraged at those Air Force bases located near educational institutions). 3. Taking part in group instruction classes at Air Force bases.

In all three methods mentioned above, the Air Force pays a substantial part of the cost.

During the first weeks of training, a recruit is given aptitude tests, followed by a personal interview with a skilled vocational guidance counselor.

On the basis of his test scores and personal interests, he is assigned to an Air Force Specialty, and upon completion of basic training assigned to an Air Force Base for apprentice work in his specialty.

As vacancies exist, he is further assigned to an Air Force Technical School for training in his chosen career.

Then follows steady advancement for the airman through a combination of experience acquired and study at advanced Technical Schools.

Information concerning Air Force careers is available at the U. S. Air Force and U. S. Army Recruiting Station, located 422 Mill street, Room 5 Grand Theater Building, Bristol, Pennsylvania.

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

### Humphrey Activities

Washington, May 10.—ONE of the new Democratic senators who has not quite received the attention his friends think he deserves (though certainly that is not his fault) is young (38) Senator Hubert H. Humphrey, of Minnesota. He recently became the head of the left-wing organization known as "Americans for Democratic Action."

THIS is the group which last year decided that Mr. Truman, politically, as they say on the Eastern Shore of Maryland, was a "zone gooling" and that it would be suicide to nominate him. Accordingly, they concentrated on forcing him to abdicate, which is a measure of their political intelligence. In order to "save" the Democratic party, they waged a terrible campaign to draft General Eisenhower or Justice Douglas. It will be recalled that their efforts, though strongly supported by the Roosevelt brothers, James and Franklin, were not wholly successful. Nor were their predictions of Democratic disaster with Mr. Truman entirely fulfilled.

HOWEVER, they did have one convention success—and largely through Mr. Humphrey. It was he, supported by the anti-Truman elements, who forced into the platform the extreme civil-rights plank which Mr. Truman did not want and which was very widely resented, indeed. It is quite a strain to regard it as "saving" the party. Nevertheless, it gave Mr. Humphrey considerable prominence and is probably the cause of his selection as president of the ADA, which is packed with former Roosevelt New Dealers, all bursting with ambitions involving almost everything from the presidency down.

THOSE who know young Senator Humphrey say that it is entirely in character for him to regard the ADA presidency as making him the outstanding national Democratic leader, and that in the next three years a good many loud leadership noises may be expected from him. As a matter of fact, he already has begun to make some of these in the Senate, where he is noted more for his highly articulate energy than for the soundness of his views. It cannot be said that he has greatly endeared himself to his colleagues nor won the unstinted admiration of the press gallery. It is true, however, that they recognize in the young Minnesota statesman a man certain to be heard from in one way or another on almost any subject and at almost any time.

PERHAPS, the best idea of his remarkable versatility can be had from his autobiographical sketch in the most recent Congressional Directory. Leaving aside the ADA and the various Minnesota offices he has filled, the number of associations, agencies and organizations to which Senator Humphrey belongs is truly impressive. In this respect, he easily exceeds not only every other Senator but all 435 members of the House. Among them are the American Academy of Political and Social Science, the American Bible Society, the American Federation of Radio Artists, the American Municipal Association, the American Pharmaceutical Association, the First Congregational Church of Minnesota, the American Political Science Association.

ALSO, the American Public Administration Society, Boy Scouts of America (scoutmaster for five years), Benevolent and Protective Order of Elks, Foreign Policy Association, Fraternal Order of Eagles, Inland Waterways Corporation, Masons, Loyal Order of Moose, Minneapolis Junior Chamber of Commerce, Minnesota Welfare Conference, Committee for the Marshall Plan, National Conference of Christians and Jews, National Conference for Prevention and Control of Juvenile Delinquency, National Conference for Permanent FEPC, National Municipal League, National Public Housing Conference, Optimists, Sons of Norway, Oslo Lodge, United Nations Committee, Minnesota Chapter, Young Men's Christian Association, Phi Beta Kappa and Delta Sigma Rho.

IT may be that since January 1 Senator Humphrey has acquired a few more affiliations but these are those he himself listed at that time. Certainly, they testify to the extraordinary variety of his activities and his direct participation in numerous fields of human endeavor. Clearly, he has not missed many. If he should speak for all these organizations he would be a remarkable spokesman, indeed. It would be a considerable achievement for any one man to absorb all their ideas and reconcile all their interests. It would keep him busy to stay abreast of their development and the mere raising of his voice in their behalf, seems like a full-time job. Yet, raising his voice is one of the easiest things Senator Humphrey does.

NOT long ago Senator Humphrey wired young Franklin Roosevelt, Jr., who, unable to get the regular Democratic nomination for Congress to succeed the late Sol Bloom of New York, is running as an independent backed by the "Liberal party." The election is to be held in about two weeks. "Hurry up," characteristically wired Mr. Humphrey, "we need you!" Well, whatever Senator Humphrey needs young Roosevelt for, it isn't to help him raise his voice. He can do that without assistance from any quarter—and does.

### Blood Donors To Appeal For Financial Assistance

"The annual drive of the Bristol Blood Donors to procure funds for lifeguard protection at the Silver Lake bathing beach is now under way. The money obtained is also used to maintain a first aid station at the beach in case of injury or accident that may occur. We also hope, if sufficient funds are obtained, to greatly improve the appearance of the beach and the surrounding area," says Walter VanBuren.

"The lifeguards who are on duty are qualified life-savers, and have Red Cross Life-Saving Certificates. It is planned this year to have the lifeguards on duty from 12 noon until 7 p. m. each day. This schedule will start Memorial Day, and will run only on week-ends until the schools start half-days and then will run every day until Sept. 11th.

"The idea of providing lifeguard service at the beach was conceived one evening in the summer of 1946, when the members of the Blood Donors were returning from the drowning of a small boy in the Lake. Plans were immediately made, and contributions were soon coming in. Lifeguards were placed on duty in mid-summer, and have been, due to the generous contributions of you—the public—on duty every summer since that time. And up to this date have made a total of 42 rescues from drowning, without a single fatality. We hope to keep this record of no drownings at the Beach again this year, but can only do so if you, the contributing public, consider this a worthy project and contribute to it as generously as you have in the past.

"In the past week we have sent out letters to the various industries, clubs, merchants, doctors, etc., requesting their support and already we have had some returns, but many more are needed. It is also planned to conduct a door-to-door solicitation at a date to be later announced, but if you care to donate now just send your donation to—Bristol Blood Donors, Municipal Building—or phone 811 and we will call for it. Please help us to help you and yours."

### Yardley Residents Ask Action Against Speeding

YARDLEY, May 10.—A number of Yardley residents have petitioned the local borough council to take action against excessive speeding on the main street of the borough. It is pointed out by those signing the petition that there are no side-walks on that street, and that safety of pedestrians is at stake.

A letter was read from Edward Garlitts, secretary of the board of health, requesting council to appoint a dog catcher, declare a clean-up week and to consider the possibility and cost of spraying the borough with DDT. The matter was referred to the sanitation committee.

A committee was appointed to represent council at a joint meeting with the Yardley school board this evening. The session will deal with the reassessment of borough properties. Those to attend are George Bennett, and Frederick Bebbington.

Borough council adopted a new fire ordinance which will become effective May 23. It was reported that the maintenance work on Pennsylvania College, Harper Van Horn, Morgan and Letchworth Aves. will be done by the A. E. Barrett Co. of Trenton.

G. Sisman of Morrisville requested permission to establish a taxicab service in Yardley. No action was taken, pending an investigation of the need for such a service.

## Council Considers Plumbing Ordinance

Continued from Page One

ance of the councilman, Louis C. Spring, representing the second ward, being able to attend after being hospitalized for several months. He was welcomed back by President of Council, Charles G. Rathke.

Fourteen members of Boy Scout Troop 35, Rohm & Haas, along with Scoutmaster, J. Goriza and committee men, Glenn Roundbush, were present to observe the workings of council. Words of greeting were extended by President Rathke.

President Rathke spoke at length upon the manner in which the Philadelphia Electric Co., had gone about laying gas mains beneath sidewalks in the third ward. "It is true," said Rathke, "that the company has the right to tear up sidewalks and lay their mains but the manner in which it was done was not very diplomatic." He said that he thought the foreman could have gone to the doors and notified the property owners informing them of what was to be done. "It was done in a very poor manner," said the president of council.

Councilman Alta, chairman of police committee, informed that a new police Ford car had arrived and would be put in service as soon as it is equipped. He said that both the car and the police motorcycle carry first aid equipment and fire extinguishers.

John H. Wichser, chairman of fire committee, reported to council that three new fire alarm boxes are to be installed and that 12 pairs of boots are to be purchased for the use of the firemen. He also said that half dozen pillow cases and half dozen sheets are to be purchased for the living quarters. A detailed inventory of all fire equipment has been made and bids are to be asked for 500 feet of one and one-half inch fire hose and 1500 feet of 2 1/2 inch fire hose. The fire station and living quarters have been inspected and with the exception of a few minor things all were found to be in good condition. Inspections are to be made monthly.

Councilman Smoyer, chairman of finance committee, told council that the treasurer would be bonded in the sum of \$10,000 which was approved. William H. Pearson, chairman of street committee, reported some streets had been patched and asked for authorization to extend Second avenue from Route 13 to Silver

Lake. This touched off a lot of debate. It was brought out that there is doubt about the street being improved before it is dedicated, curbed and sidewalks built. It was also brought out that the committee had previously agreed not to build a street which had not been curbed and paved, and the utilities installed. The street is to cost \$1400.

The debate participated in by several members of council concluded in requesting the borough solicitor to prepare a list of dedicated or borough owned streets. "You fellows had better weigh your actions before making them a matter of record," said President Rathke.

Councilman Roche asked that all employees of the Water Department handling money be bonded. This was approved by council. He also asked authorization to extend water mains on West Circle from Wilson avenue to Porter street. He reported progress in the collection of delinquent water rents and progress in discussions of the proposed new water plant.

Councilman Myers, chairman of health and sanitation committee, reported that Adams Hollow Creek had been cleaned and signs are to be posted. A special meeting of council is to be held with State Senator Edward B. Watson to discuss the canal situation. The matter of the borough handling the waste matter from the mill of Edward J. Steel Co., has been considered and the firm advised.

Councilman William Wallace, third ward, spoke upon the tearing up of sidewalks in the third ward by the Philadelphia Electric Co. and said that the pavements had been ruined. The matter was referred to William H. Pearson, chairman of street committee.

John Raccagnio asked about the law imposing a tax on itinerant merchants. He was advised that the borough solicitor is working upon the subject. Authority was given to Kaiser-Fleeting, Inc., to construct an overhead pass over Radcliffe street from the main plant to a new building now in the course of construction, was adopted. The overhead pass must be 14 feet above the center of the roadway and be maintained in a safe condition.

Councilman Smoyer moved that \$100 be given to the American Legion to help defray the expense of Memorial Day observance.

West Circle from Wilson avenue to Porter street and about 400 feet of Porter street are to be improved if it is found that that section of the street is borough owned. The cost will be about \$1200. It was brought to the attention

of council by Councilman Eagan that there is considerable building being done in Bristol for which building permits have not been obtained. The ordinance committee was asked to amend the present ordinance imposing substantial fines for these violations.

Street committee was authorized to improvement that portion of Pond street which is in the rear of some of the properties on Mill street and adjacent to the parking lot. The improvement will make the street uniform in pavement character with the parking lot.

President of Council, Charles G. Rathke, told council there are a lot of people and organizations not taking out permits for entertainments and programs of amusements and are not paying the borough tax imposed on such affairs.

He called attention to the borough ordinance providing for the licensing of such affairs and the imposition of the tax. He read excerpts from the ordinance. He said that the ordinance assesses an amusement tax against all manner and forms of entertainment whether the place of amusement is indoors or outdoors in the borough.

Every producer of such must have a permit and file an application for such with the borough treasurer. The tax is one cent for each 10 cents or fraction of the established price. The established price is the regular monetary charge of any character, including donations, contributions or dues.

## Plaque Now Being Made To Be Dedicated June 4

EDGELY, May 10—Members who attended the meeting of Edgely Civic Association in the fire station, last evening, were informed that the bronze plaque containing names of service folks from this area, who served in World War II, is now being made. The plaque, it is stated, will be placed in the new fire station, here, such replacing the plaque which formerly stood at the intersection of Beaver Dam road and Edgely avenue.

The plaque will be dedicated on Saturday, June 4th, the date of dedication of the new fire station. Lawrence McSherry presided.

## Coming Events

May 11—Pinch party in new Edgely Fire Co. station, 8.30 p. m., sponsored by Ladies Auxiliary.

May 12—Covered dish luncheon, 12.30 p. m., in Cornwells Fire Co. station, No. 1, sponsored by Ladies' Auxiliary.

## Examination for Clerk To Be Held at Andalusia

An examination for substitute clerk for duty at the Andalusia post office was announced today by the Director, Third U. S. Civil Service Region:

Substitute clerks start at \$1.04 per hour which may be increased 5 cents an hour each year thereafter until the maximum pay of \$1.29 is reached.

Applicants must actually reside within the delivery of the post office or be bona fide patrons of such office. Persons now employed in the Post Office will be considered bona fide patrons.

There are no experience requirements needed for this position. All applicants will be required to take a written examination.

Applicants must have reached their eighteenth birthday but must not have passed their fiftieth birthday on the date of filing applications, and must be citizens of or owe allegiance to the United States. The age limits will be waived for veteran preference applicants.

Applicants for employment at Andalusia Post Office, must report for examination at Bristol Post Office on May 21, 1949 at 8.30 a. m.

Interested persons may obtain further information from the Postmaster, Mrs. Mary J. Krohn located at Andalusia Post Office or from the Director, Third U. S. Civil Service Region, Room 103-A, Customhouse, Philadelphia 6, Pa.

## Bristol Rotarians Mark Their 25th Anniversary

PHILADELPHIA, May 10 — The Rotarians of Bristol Club, who gathered with their guests in the Torresdale Country Club, Saturday evening, felt that a resume of a quarter century of work of Rotary in Bristol well proved its worth. This 25th anniversary occasion was attended by approximately 90, including members and guests.

Guest of honor was Joseph A. Abey, governor of the 179th district of Rotary, who delivered the main address of the evening. Mr. Abey touched on many phases of Rotary work of interest to the members. He, as well as other guests, were introduced by the toastmaster, Daumant Kusma.

The Rev. Charles H. Weller, pastor of Bristol Methodist Church, was called upon for the invocation; and president of Bristol Club, Warren H. Woodruff, welcomed the group.

In addition to a number of professional entertainment acts, there was group singing; and the awarding of numerous door prizes.

The Bristol Club was founded by a group of 25 Bristol men in the spring of 1924, the local organization becoming the 1725th such club in the world. Several of the charter members are still active in the local organization.

## Iron Workers Strike at 3-M Company Project Here

Approximately 200 workers, employees of Turner Construction Co. and sub-contractors engaged on construction of new buildings and renovations at Minnesota Mining & Manufacturing Co. plant, Bristol township, went on strike yesterday morning. A statement from the office of Turner Construction Company this morning was to the effect that "The iron workers are on strike, and the rest are not allowed to continue with their work."

Word from the local office of Riggs-Distler & Co., Inc., was to the effect that Riggs-Distler employees, numbering about 38, are out on a sympathy strike.

The strike is part of a general strike of iron workers.

Pickets appeared yesterday. Other building trades members did not attempt to cross picket lines and all work was at a standstill.

Viewing the situation from past experience, some contractors looked for no break in the deadlock over an ironworkers' pay increase before June. Some felt, however, that some overtures for a settlement might be put out from one side or the other, or some independent source, before this weekend.

# Bigger 3 Ways... DODGE gives you extra value

**WIDER on the inside... NARROWER outside!** There's extra value in the spread-out elbow room of the wide, wide seats. Yet the new Dodge is smaller on the outside... easy to park, easy to garage, easy to thread through crowded traffic.

**LONGER on the inside... SHORTER outside!** The new leg room in Dodge gives extra value in stretch-out comfort. Doors open wide, too... let you get in and out easily without squirming or twisting—and without knocking your hat off, either.

**HIGHER on the inside... LOWER outside!** More head room is another Dodge extra value you'll appreciate. Instead of low, slanting seats that force a cramped position, Dodge knee-level seats are actually higher for relaxing comfort, better vision.

**If you want extra value, you'll want DODGE!** There's extra value in Dodge beauty that flows from true functional styling... in the design that provides more head room, more leg room, more elbow room, greater vision for all passengers.

There's extra value in Dodge's Get-Away engine with its surging acceleration... its higher compression that squeezes extra miles from every gallon of gas... the smoothness of Dodge All-Fluid Drive at no extra cost.

Yes, you'll want Dodge for the extra value you get all the way from double-life hydraulic brakes and Safety-Rim Wheels, to the luxurious comfort of full-cradled ride and knee-level seats.

Add to these the Dodge reputation for dependability and economy and you'll discover why wise buyers say... "If you want extra value, you'll want Dodge."

## County World Federalists To Elect Officers May 19th

The recently-formed Bucks County chapter of the United World Federalists, Inc., largest U. S. group believing in the necessity to strengthen the UN so that it becomes a world government, will hold an election meeting Thursday,

May 19th, at 8:15 p. m., at the Wrightstown Friends Meeting House.

Last month the local chapter of UWF sponsored a rally at the Doylestown Armory at which national president, Cord Meyer, Jr., spoke to more than 400 persons.

The May meeting is open to all interested in the World Federalists movement as well as those who are already members. Russell Smith, of Wycombe, has been serving as temporary chairman, while Mrs. Sarah Goodwin, of New Hope, has been secretary until regular officers can be elected.

Pennsylvania chapter of UWF have been instrumental in introducing a bill into the Senate in Harrisburg, No. 819, which would place before the electorate a proposition endorsing U. S. support in making the UN into a federal world government with limited powers.

Similar referendums have been voted and passed by large majorities in Connecticut, Massachusetts and Michigan.

## Langhorne Chorus Will Be Heard at Festival

PENNDIEL, May 10—A music festival is arranged for Tuesday, May 17th, in the Evangelical Lutheran Church of the Redeemer, here, the hour being eight p. m.

The Langhorne-Middletown high school chorus, composed of 36 girls, will sing. Organ selections will be by Mrs. George Fetter; and David Fetter will play organ selections. George Fetter will direct the program.

The festival is sponsored by the Sunday School, and a silver offering will be received. Refreshments will follow.

## HOME TENNIS PLAYERS WIN 3 OF 4 TITLES

GEORGE SCHOOL, May 10.—Home tennis players swept three of four divisional titles to win top honors in the 17th George School invitation tournament Saturday while on the adjoining track three meet marks fell as Penn Charter School, paced by triple winner Dick Hazard, earned a close victory in the 17th track and field meet.

Defending champion Jim Sailer of George School outdistanced Episcopal Academy's Jim Whitmoyer to earn the blue ribbon in the first singles division, 2-6, 6-2, 6-3, and Johnny Zavitz of the Buff and Brown stroked his way to victory over Harrison Straley of Sidwell Friends School (Washington, D. C.) 6-1, 4-6, 6-2 in the number two singles bracket.

Joe Dreese of Sidwell Friends outgained George School's Larry Buttenwieser in the final round of the third category, 6-4, 6-4, but Ted Burr's 6-3, 6-4 win in the last tournament division brought the home team's average up to a successful .750. His opponent in the last round was Fred Perkiomen School.

Pressed all the way by Admiral Farragut Academy of Pine Beach, N. J., the defending champions, Penn Charter's trackmen clinched the 27 to 26½ point win by Hazard's personal triumph in the 100-yard dash, javelin and broad jump. The versatile athlete leaped 21 feet 11½ inches in the broad jump to erase the two-year-old meet mark of 21 feet 6 inches, set by Henrie of George School.

Bob Cameron of Farragut, former national interscholastic shot put titleholder, heaved the 12-pound ball 54 feet 8¼ inches for the second meet record, eclipsing an eight-year-old mark of 54 feet 7½ inches by Thornhill of Hun School.

Lowering his own meet record of 2:06 in the half-mile, Bob Day of Bordentown Military Institute sped across the finish line in 2:05 after a 4:42 win of his in the mile run had also helped his Cadets to 21 points and third place in the 17-team track meet.

George School, which wound up with 17½ points for fourth place, earned only one blue ribbon all through the long afternoon. John Satterthwaite put on a strong kick in the home stretch to take the 220-yard in 23.9 seconds.

Woodbury High School, Collingswood High, Perkiomen School, Pennington School, Germantown Academy and Germantown Friends were the other teams to score points as some 200 athletes wound up the 17th George School invitation track meet.

Victorious Penn Charter School was scheduled to return on Tuesday to the scene of its Saturday win for a dual meet with Coach Stan Sutton's cindermen, while on the same afternoon Coach Ed Thode's baseballers were to journey to Germantown Academy for the second away game of the spring. They dropped a 1-0 decision last week at Lawrenceville School, in spite of the three-hit pitching of Phil Cane.

This Saturday, spring parents day at George School, both the baseball team (Episcopal Academy) and the track team (Germantown Academy) will see action at home, while Coach Ernest Seeger's varsity netmen travel to Brooklyn Polytechnic Prep School seeking their third win in four starts.

## ST. ANN'S TO PLAY 1ST LEAGUE GAME HERE THIS EVENING

St. Ann's A. A. will play its first game in the Trenton Industrial League this evening as it meets the American Steel team on Memorial Park field. Games will begin at six o'clock.

The "Saints," Bristol Suburban League champions for the past three seasons, joined the Trenton loop last week and is two weeks behind in the schedule.

Manager John "Spike" Scordia, who has been pilot of the Wood street team for the past three years, has announced that Gene Saraganes will do the hurling for his team with Barney Ludwig behind the plate.

Scordia will have most of the players from his last season's team in the line-up, including: Fred Barbetta, Bert Barbetta, Tony Palumbo, Joe Sallustio, Joe Cialetta, and Lou Sassi.

American Steel is in the thick of the Industrial League race. It is most likely that Ray Ceremusak will twirl for the Steelers with Joe Walsh doing the catching. Manager "Chick" Hublitz's team has several players well known to the fans of this section. "Jim" Yeager, of Morrisville, patrols left field. "Mike" Rossi is the rightfielder with Reynolds Funari the first sacker.

## CHICHILETTI PITCHES FIRST SHUT-OUT GAME

"Nate" Chichiletti pitched the first shutout game of the Bristol Suburban Softball League last evening as he blanked the Fleetwing Estates team for the Second Ward A. C. Final tabulation was: Second Ward, 5; Estates, 0. The game was played on the losers' field.

In handling the Estates their seven goose-eggs, Chichiletti permitted but four safe blows. He struck out two batters and walked three and was given errorless support by his mates.

"Jimmy" Sottile handled seven chances at third base for the winners while Gene Barbetta came up with five chances at shortstop.

Second Ward practically clinched the game in the first inning when it tallied three runs on a walk to Perrone, a double by Leo Fiorello, and singles by Jim Sottile and Frank Chichiletti. Estates was also charged with two errors in this session.

"Sammy" Sottile helped his team along in their hitting attack by getting a triple in the third and duplicating the blow in the fifth.

## PENNSBURY TEAM HITS HARD AND BEATS TOWNSHIP

Pennsbury Junior High had their hitting caps on yesterday as it walloped the Bristol Township nine, 15-8, on the latter's field, in a Lower Bucks J. H. League game.

Fifteen hits whistled off the bats of the Pennsbury hitters and leading the onslaught were Mayo, Sacks, and R. Bray. One of Sacks' blows was a triple with one on base in the fourth.

In the fourth, Pennsbury had a pair of triples and Powell climaxed the drive with a home run.

"Bill" Cummings started on the mound for Township but before the game was over, four other hurlers followed. Bob Ashby, Rigby, Allan Holston, and Joe Muth all took a turn on the hill. Muth had two of the eight hits credited to Township.

## FRANKLIN A. C. OPENS SEASON WITH VICTORY

BRISTOL SUBURBAN SOFTBALL LEAGUE

**Schedule for Tonight**  
FIFTH WARD NO. 1 FIRE CO.  
(Memorial Park Field)

Rallying for two runs in the final frame, the Franklin A. C. opened the Bristol Softball League with a close 9-8 victory over Jefferson A. C. last evening on Memorial Park field.

A large crowd attended the season's inaugural and witnessed Steve Leinski cross the plate with the winning marker on a fly ball to right field by Freddie Field.

Jefferson had counted twice in their turn at the plate to take an 8-7 edge. But Angelo Spinelli gave the Franks a life when he singled to center. Leinski batted for Reggie Gerome and drew a walk off "Willie" Salerno. Rocco Sagolla laid down a bunt but Salerno tossed wild to first scoring Spinelli with the tying run. Kervick was passed to load the sacks but Field lifted a fly to Ciambella and Leinski tagged up and scored.

The losers out hit the winners, 11-7. Tony Palumbo and Tony Cauti led Jefferson at the plate with three hits each. Field had two hits

for the winners and drove in three runs.

## SUBURBAN LEAGUE ORGANIZES WITH VOLTZ AS PREST

Bristol Suburban Baseball League at a meeting elected Paul C. Voltz president for the coming season.

Mr. Voltz succeeds Joseph A. Diamanti, who had led the league for the last three years. Previous to that, Mr. Voltz had been head of the organization for seven years, almost from the time the league was founded.

Six teams will comprise the league this year with three new teams fielding nines. The newcomers are Flannery's Aces from Pennadel, West Bristol A. C., and Edgely. The holdovers from last season are Voltz-Texaco, Lewis Lodge and Hibernians. The champion St. Ann's team has joined the Trenton Industrial loop.

At the meeting the franchise was closed and the opening date was set for Tuesday evening, May 16. Games will be scheduled every Monday and Thursday and will be twilight contests of nine innings. Each game is to start at six p. m.

A schedule of 20 games was decided upon and the season will be divided in half, 10 games to each period. The winner of the first half will meet the winner of the second

half for the championship in a five-game series in the fall.

The entire constitution and by-laws were drawn up and approved with the exception of decision on the umpires. Strong consideration is being given to using local umpires as was done a few seasons ago. Local umpires will be used with "Nev" McGinley in charge.

Representatives at the meeting were: Pennadel, Andrew Sodano; West Bristol, James Ellis; Edgely, Robert Elker; Lewis Lodge, Walter Keyes; Hibernians, Morris McCurry; Voltz, Barney Ludwig.

## Condition of Dump Is Discussed in Council

cycle officer check on the trucks at the dump during the off hours.

It was stated that much of the trash is being brought from out of town and that all such persons should be stopped at once. "The dump will soon be filled, and then where is Bristol going to dump its trash?" was asked.

Councilman S. Joseph Aita said that the dump needs supervision but that the police department is now undermanned.

"Well, it is time that something is done," said Wallace.

Councilman Pearson volunteered to contact the trash collector and ascertain if he can give the dump more supervision.

## Third Casting Practice To Be Held Here Tonight

The third weekly casting practice session will be held this evening at 6:30 on the Memorial Park grounds, weather permitting, according to an announcement of the casting committee of the Bristol Fish & Game Protective Association this morning.

"Instructors will be on hand to give pointers to both youths and adults in the art of properly handling bait casting fishing rods," an announcement said.

"With the youth tournament for the C. W. Winter Trophy and other valuable prizes just about a month away, these Tuesday evening practice sessions should prove very helpful," a member of the committee said.

"And since the Bristol Fish & Game Protective Association meets this evening at 8 o'clock in the American Legion Home, here is an opportunity for youngsters to bring their dads to the practice casting session and then go to the meeting of the Association," the announcement concluded.

## CLAYTON'S MONKEY-WRENCH

Little noticed in the exciting news of a new get-together between Uncle Sam and Russia, with the possibility of a durable peace again on the horizon, was a remark by a former high American official which could easily be the monkey-wrench that wrecks all prospects of success in this meeting.

Will Clayton, former Undersecretary of State and close in the confidence of both the Roosevelt and Truman administrations, said publicly that there can be no peace UNTIL RUSSIA RETURNS TO HER PRE-WAR BOUNDARIES.

This was a rash, war-mongering remark by Mr. Clayton. It sets up an impossible condition for the proposed meetings with Russia. It reflects a completely bad faith on the part of at least one school of American thought—one which, if reflected in the National Government, will make the conferences with the Russian envoys nothing but a tragic joke.

In his capacity as a private citizen, Mr. Clayton is entitled to whatever opinion he may choose to hold concerning the Russian problem. He may, if he wishes, feel that the American people are "soft" not to have hurled the atomic bomb at Moscow long ago. He may consider that we are wasting time not mashing our forces for an immediate attack—for even discussing the possibilities of peace.

But Mr. Clayton cannot pose as a private citizen alone. The fact that made his remark worth even slight mention in newspapers is that he is a man who formerly dominated much of our foreign policy; that he still stands high in the confidence of the Truman Administration; that he can qualify, in a sense, as an "expert" of standing and wide reputation.

Russia has no possible way of knowing whether this concept of the only available basis of peace is held by a large number of American citizens; nor whether it is a trial balloon for views which are soon to be expressed by the White House. If either is the case, Russia has no incentive at all to take seriously our various official proffers to sit down in good faith and talk things over.

Moreover, even in private-individual opinions, expressions about them ought to be intellectually honest and reasonably logical.

The Clayton remark is fundamentally dishonest.

It implies that Russia won all her post-war territory by aggressions—won them fraudulently, and is holding them by force.

The fact is that at least 90 percent of the new lands Russia calls hers were explicitly awarded her by the joint action of President Roosevelt and Winston Churchill.

Thus she acquired Manchuria and the Kuriles; thus she won the Balkans. Both these groups were conceded to her officially at Yalta.

There also she was given permanently the half of Poland she had split off in her deal with Hitler. She was given also the other half of Poland as well, but the more round-about process of letting her set up the new government there, and purge all the Polish independents she could get her fingers on.

Her pre-war conquests of the Baltic states were ratified at the Yalta conference, where she also was made "tutor" over Finland. She also was allowed to occupy the Eastern Half of Germany.

### Activities of Interest To All in The Various Communities

### GLEANEY BY SCRIBES

With the home economics committee, of which Mrs. George H. Yerkes is the chairman, in charge, an interesting program, which included a fashion show and a one-act play, was presented at the meeting of Middletown Grange in the Makefield Community House, Wednesday evening. In attendance were about 60 persons, including juvenile Grangers and several visitors.

During the business session in charge of the master, Charles D. Lowmes, reports of the legislative and several other committees were presented. The committee in charge of the project for the growing of an acre of potatoes on the farm of Mr. and Mrs. Bjarni Bjarnason reported the planting had been completed.

One of the visitors was Mrs. Johnson, lecturer of Medford Grange, Medford, N. J., who gave several monologues. These were followed by a one-act play, "Alice Blue Gown", by eight girls of the Newtown Four-H Club and several readings by Mrs. Harry McKinley.

Highlighting the program was a fashion show presented by women who modeled the dresses they made during the winter.

Brief remarks were made by Mrs. Benn Harris, of Edgewood Grange and lecturer of Lower Bucks Pomona Grange, No. 22, and Frank H. Lake, a representative of Tyro Hall Grange, Buckingham.

### With A Gun It's Lots of Fun!

(By "The Stroller")

To Mr. Bristol: Paint things well, Won't you, pray, Get the gun And start to spray.

If you don't own a separate spray gun, just borrow wife's vacuum cleaner and attachments. Fasten that jar of paint on the other end of the hose and go to work on those lawn chairs and benches, the chaise longue, the flower boxes, and other lawn and porch pieces. The outside of the property will fairly sparkle.

In fact, you'll have such fun, that you'll resolve to paint some of the household furniture, no doubt.

### Tigers Hurler Faces \$25,000 Suit

Cleveland — Virgil "Fire" Trucks, Detroit Tigers hurler, faces a \$25,000 assault and battery suit today in Cuyahoga County Common Pleas Court. Charles F. Heidler, a Cleveland hotel employee, is seeking the damages for injuries allegedly suffered when, he contends, he was battered down 40 feet of corridor at the hotel.

### Doylestown Carrier Pleads "Not Guilty"

Philadelphia — A veteran Doylestown rural mail carrier has pleaded not guilty to the alleged embezzlement of \$19.25 in Postal Money Order funds.

Albert Fries, 55, a postal worker for 24 years, was accused of the theft by the Postal Inspection Service.

He was charged with accepting the money from a patron on his route and using it for the purchase of gasoline and for minor repairs to his automobile.

Fries, out on \$500 bail since his arrest April 1, pleaded innocent to the charges when arraigned before Federal Judge James P. McGranery. No date was set for the trial.

If convicted, Fries faces a maximum jail term of ten years and a fine equivalent to the amount allegedly embezzled.

### St. Matthew's H. S. Fullback Injured in Crash

Conshohocken — Edward Surmiak, 17, star fullback of St. Matthew's High School football team, was injured today when the automobile in which he was riding skidded on a wet highway near Plymouth Center. Four companions narrowly escaped injury when the car crashed into a pole, a tree and a mail box. Surmiak, who plans to enter West Point, was cut about the face. The others in the car were identified as Joseph Racicot, the driver, Martin Kelly, 17, and Arthur Kehoe, 19, all members of St. Matthew's team, and Jerry Kehoe, 18, a football player at St. Patrick's High School in Norristown. They were en route to the home of Jack Summers, former Washington Redskins, who had offered to take them to New York, where the Kehoes and Kelly had appointments with college athletic representatives. The car was wrecked, but the youths refused to abandon their trip to New York.

Bishop Hart delivered a Mother's day sermon on "The Ideal Home." He expressed pleasure over the improvements made to the church property. The bishop was a dinner guest of the Rev. and Mrs. Boswell.

## CONDITION OF DUMP IS DISCUSSED IN COUNCIL

Councilman Wallace, Third Ward, Asks That Something Be Done

### NEEDS SUPERVISION

The condition of the borough dump was dumped right into the lap of Bristol councilmen, last night, and they were asked what they are going to do about it. Councilman William Wallace, third ward, in which the dump is located, complained bitterly about the dump and characterized it as a hazard. He said it is the origin of obnoxious odors and said that smoke from the burning fires obscures the vision of motorists as they drive along the highway.

The smoke blows over Linden street, Swain street and Otter street. If the wind is in that direction, residents of the first ward also get the smoke and odors, he said.

He told of the conditions existing at the dump on Good Friday and Easter Sunday when the fires burned. Firemen had to be called.

"It is nearly true that something is done," he said.

Councilman Byers stated that most of the fires are started when the trash collector has gone off duty. He suggested that the motor-

### FREEDMAN-MCGERR

The marriage of Miss Ina McGerr, daughter of Mrs. Ethel McGerr, 713 Garden street, and Mr. Fayette Freedman, Jr., son of Mr. and Mrs. Fayette Freedman, of St. Augustine, Fla., took place at Atlantic City, N. J., yesterday. The bridegroom, who is a member of the U. S. Navy, is stationed in Atlantic City where the couple are remaining for the present.

A proposed plumbers' ordinance was presented to Bristol Borough councilmen, last evening, by John Smoyer 3rd. Copies of the ordinance were laid upon the desks of the councilmen and it was discussed. Smoyer, chairman of the plumbers' ordinance committee, requested the councilmen to study the proposed law between now and the next meeting of council, and at that time be prepared to make suggestions and recommendations.

The ordinance is entitled "An ordinance governing and regulating plumbing, drainage, ventilation, etc., and providing for licensing and registrations of persons, firms or corporations engaged or engaging in the business or work of plumbing or house drainage and prescribing certain rules, regulations and requirements for the construction of plumbing, house drainage and cesspools and providing for the enforcement and imposing of penalties for violations."

Councilman Edward Riley, fifth ward, objected to some of the sections of the proposed law. Others who entered into the discussion were Councilmen Ferry, Hetherington, Wallace and Byers. Mr. Byers suggested that the proposed law be studied and if the councilmen had any recommendations that they bring them in to the next meeting.

Police committee reported nine arrests during the month. Two of the defendants were held for court, five fined and two discharged. Five ill persons were aided by the police, 66 escorts furnished, three children lost, 10 automobile accidents reported, four motorists were fined, police car responded to 242 alarms, Bristol Township car responded to 56 alarms, 95 were fined for illegal parking. Collected from fines, \$96.85; miles police car driven, 4,165, and \$1228.59 collected from the parking meters. There were 110 lodgers sheltered, nine lights reported out, one door found unlocked and five cats and dogs disposed of. There were two arrests for reckless driving and both were fined. The fines amounted to \$39.

The Rev. Paul Gleichman, pastor of Zion Lutheran Church, made the opening prayer. There was a 100 per cent attendance on Page Three

## ONE MAN'S OPINION

By Walter Kiernan

(Distributed by International News Service)

The suggestion has been made that the Republican Party change its name. . . . Some say it would be enough just to change its mind.

One Democrat suggests the Republicans could regroup under some descriptive slogan like "The Neverwins" or "Tip-pacane and Taft Too."

Meanwhile Mr. Truman is having a little trouble. . . . some members of his "party of the people" in Congress are acting just like people.

Harry still says he will pass his idea of a labor bill if it takes him four years to do it. . . . and it probably will.

But if it isn't passed then he might get another four years out of his old campaign pledges.

There is only one country where the head man can guarantee legislation and get it and it's not the USA.

Over here a fellow has to look around and see who was elected with him before he can guarantee delivery of anything except the morning mail.

## Hagerman Explains Who Are Poor Housekeepers

Who are the poor housekeepers in Bristol? Fire Chief Clifford Hagerman asks that question. He says "poor housekeeping is one of the major causes of fire which last year destroyed \$711,114,000 worth of property — and took about, 11,000 lives."

However, Chief Hagerman's definition of poor housekeeping is not the usual one. He says "a house might look clean and neat in the ordinary sense, but still be full of fire hazards." He emphasizes that a good housekeeper is one who keeps fire hazards cleaned up completely.

Chief Hagerman gives his full support to the Clean-Up campaign. One of the purposes of the campaign is to clean up hazards — such as dirty chimneys, old wooden shingle roofs and accumulations of debris — which have accumulated during the winter.

Clean up fire hazards — or be cleaned out by fire!

### SAUCERS ARE NO JOKE

News that intelligence officers of the Air Force have spent two years carefully scrutinizing stray bits of evidence on "flying saucers" indicates, if nothing else, that the phenomenon is by no means a dead subject.

The air intelligence section has just released a voluminous report which tells what they have been able to find out about these celestial skimmers. It also sets a few fantastic theories to rest.

Major conclusions are that the saucers are not atomic powered, that they are not space ships, nor are they visiting air yachts from other planets.

The need for such a study was obvious. Beginning in June, 1947, hundreds of people, including many airmen and a few top level Air Force officers, had seen the saucers. Of the cases that have been investigated, careful sifting of available evidence has shown that perhaps 30 per cent can be chalked off to "aerial objects" such as weather balloons and birds. Another 30 per cent were astronomical phenomena.

The other 40 per cent of the reported sightings cannot be solved.

The saucer problem is no joke to the Air Force. At least two military aviation tragedies have been the result of attempts to close with the objects. In one case the pilot, and in the other the pilot and co-pilot, died under circumstances that can logically be blamed on the weather, or mechanical failures. But there is enough of the unknown about the cases to set one's spine tingling unpleasantly.

The Air Force is now applying regimentation to the investigation. Reports of saucer sightings are followed up by investigation teams and the observer is requested to fill out a long questionnaire. A digest of the reports, coupled with information already at hand, gives air intelligence some perspective of the problem.

Meanwhile the research goes on, and reports continue to trickle in—at the rate of approximately 12 a month. And still the saucers continue to wheel, dip and hum, to the amazement of the few and the irritation of the Air Force.

### MORE NURSES NEEDED

It is estimated there is a shortage of 50,000 doctors and of three or four times that number of nurses in the United States. These figures are no doubt exaggerations but efforts are being made to expand facilities of medical schools to accommodate more students. Similar action is required in the field of nursing.

Without the nurse, who has taken a great burden off the doctor in the past generation the shortage of doctors would be more acute. Where a nurse is available, it is no longer necessary for the doctor to spend long hours with a patient.

Nurses associations are engaged in a drive to encourage high school graduates to enter nursing schools. The public should aid in this effort. It is very much a part of improved health services which everyone desires.

## Clayton's Monkey-Wrench

Continued from Page One

CLAYTON WAS HIGH IN THE U. S. GOVERNMENT DURING THE TIME THIS WAS BEING DONE. HE WAS IN THE CONFIDENCE OF ROOSEVELT DURING THAT PERIOD, AND OF TRUMAN WHEN, LATER, MUCH OF THIS WAS RE-AFFIRMED AT POTSDAM.

WITH THE FACTS UNMISTAKEABLY KNOWN TO HIM, HOW CAN CLAYTON NOW EITHER HONESTLY OR LOGICALLY DEMAND THAT RUSSIA SURRENDER TERRITORY BESTOWED UPON HER BY THESE TWO PRESIDENTS HE SUPPORTS?

In the proposed new peace talks, there is one point where there is no middle ground.

Either we go into them in good faith, determined to try a combination of sincerity and firmness with Russia—or we go into them with deceit in our hearts, with no real intention of finding a basis of peace, or accepting it if we do.

It has somewhat gone out of fashion for American commentators to look realistically at the true facts of foreign affairs, or to discuss them frankly. This disease played a large part, it may be, in producing the Republican Party's disasters at last fall's elections.

Under the "bipartisan" sham, the American people are getting mainly only one side of the story—and a dolled-up distorted version at that.

More than two years ago this newspaper pointed out that the "war scare" with Russia was at least partially a phony. It pointed out that President Truman and the then new Secretary of State, General Marshall, were "getting tough" with Russia for certain things which had been officially ratified on our part, by Roosevelt at Yalta and Truman at Potsdam.

It was pointed out that Mr. Truman had two great advantages to gain from such a war scare—one, an improved "atmosphere" in which to run for re-election; two, vast "emergency" powers privileged by the picture of impending war.

More recently, it has been emphasized that Russia's real target all the time appears to have been the vast country, population and resources of China—that she merely stirred up dust in Europe to screen her real interests.

Russia has completely outmaneuvered Mr. Truman in the cold-war on the continent. She kept the Berlin blockade going when it suited her purposes, and now has terminated it at a time when it upsets our whole schedule for an independent Western Germany and a Western Union of the European States.

A great many high spokesmen of the Truman Administration have been taking the position that no peace proffer by Russia should ever be taken seriously. Other high spokesmen have advanced the ingenious argument that our present so-called prosperity is all founded on the great defense and foreign-relief spending by the government, so that "peace would be deflationary."

If this nation is in the grip of forces or groups which are determined to push this country into war with Russia, whether it is necessary or not, there is a technique by which they can get out of the box Russia put Truman in when it forced him into these pending peace discussions—forced him by the expedient of surrender to every stipulation he laid down.

That is to annoy and antagonize the Russian representatives by insulting statements before the conference, by impugning their good faith, by setting up impossible conditions for them to meet, by stating in advance that they won't ever trust the Russians enough to make peace with them.

This technique was used repeatedly during the conferences held in the early stages of the "cold war". No wonder the delegates got nowhere!

Now the big question arises, is this to be done again? And if so, was Will Clayton's remark the tip-off signal for a barrage of declarations that will wreck the conferences before they are held?

Public thinking on these matters is gravely confused. So much so that individuals who protest about bad faith, double-dealing, treachery, broken promises and the like on the part of the American government in its foreign policies are apt to find themselves promptly classed as pro-Communists. Surely there is a distinction between the belief that the United States ought to conduct its foreign affairs on a high level of integrity, sincerity and intellectual honesty—and the supine always-give-in-to-Russia attitude of men like Henry Wallace.

At any event, the facts speak for themselves. This nation kept none of the promises its leaders made to the small nations of Europe in the so-called "Atlantic Charter." It traded them all out trying to appease Russia. Neither has it kept its word to Russia—not the letter of the agreements at Yalta nor the Truman promises at Potsdam.

These agreements were horrible mistakes. But the mistake was in making them. Once our word was given, it was only self-deception to pretend (as Clayton does) that Russia was seizing what she had been officially awarded.

Unless Uncle Sam is going to run his diplomacy with the cards on the table, and his word as his bond, then we are in for a continuance of shyster statesmanship—with World War III the inevitable outcome.

### Those Who Enlist Will Have Many Opportunities

High school graduates who enlist in the U. S. Air Force will have many opportunities to continue their education. Staff Sergeant Lavello, the local recruiting Sergeant announced today.

The Air Force is placing emphasis upon educational standards, because so much of its work calls for highly developed skills and high intelligence. The intelligence and educational level of the average Air Force recruit today exceeds that of any large military organization in history.

Air Force recruits have an opportunity to obtain additional academic instruction in at least three ways: Correspondence courses under supervision of the United States Armed Forces Institute. (Approximately 6,000 college courses are offered by 59 colleges and universities in cooperation with USAFI). 2. Attending classes at nearby colleges during off-duty hours. (This procedure is encouraged at those Air Force bases located near educational institutions). 3. Taking part in group instruction classes at Air Force bases.

In all three methods mentioned above, the Air Force pays a substantial part of the cost.

During the first weeks of training, a recruit is given aptitude tests, followed by a personal interview with a skilled vocational guidance counselor.

On the basis of his test scores and personal interests, he is assigned to an Air Force Specialty, and upon completion of basic training assigned to an Air Force Base for apprentice work in his specialty.

As vacancies exist, he is further assigned to an Air Force Technical School for training in his chosen career.

Then follows steady advancement for the airman through a combination of experience acquired and study at advanced Technical Schools.

Information concerning Air Force careers is available at the U. S. Air Force and U. S. Army Recruiting Station, located 422 Mill street, Room 5 Grand Theater Building, Bristol, Pennsylvania.

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

### Humphrey Activities

Washington, May 10.—ONE of the new Democratic senators who has not quite received the attention his friends think he deserves (though certainly that is not his fault) is young (38) Senator Hubert H. Humphrey, of Minnesota, who recently became the head of the left-wing organization known as "Americans for Democratic Action."

THIS is the group which last year decided that Mr. Truman, politically, as they say on the Eastern Shore of Maryland, was a "zone goner," and that it would be suicide to nominate him. Accordingly, they concentrated on forcing him to abdicate, which is a measure of their political intelligence. In order to "save" the Democratic party, they waged a terrible campaign to draft General Eisenhower or Justice Douglas. It will be recalled that their efforts, though strongly supported by the Roosevelt brothers, James and Franklin, were not wholly successful. Nor were their predictions of Democratic disaster with Mr. Truman entirely fulfilled.

HOWEVER, they did have one convention success—and largely through Mr. Humphrey. It was his, supported by the anti-Truman elements, who forced into the platform the extreme civil-rights plank which Mr. Truman did not want and which was very widely resented, indeed. It is quite a strain to regard it as "saving" the party. Nevertheless, it gave Mr. Humphrey considerable prominence and is probably the cause of his selection as president of the ADA, which is packed with former Roosevelt New Dealers, all bursting with ambitions involving almost everything from the presidency down.

THOSE who know young Senator Humphrey say that it is entirely in character for him to regard the ADA presidency as making him the outstanding national Democratic leader, and that in the next three years a good many loud leadership noises may be expected from him. As a matter of fact, he already has begun to make some of these in the Senate, where he is noted more for his highly articulate energy than for the soundness of his views. It cannot be said that he has greatly endeared himself to his colleagues nor won the united admiration of the press gallery. It is true, however, that they recognize in the young Minnesota statesman a man certain to be heard from in one way or another on almost any subject and at almost any time.

PERHAPS, the best idea of his remarkable versatility can be had from his autobiographical sketch in the most recent Congressional Directory. Leaving aside the ADA and the various Minnesota offices he has filled, the number of associations, agencies and organizations to which Senator Humphrey belongs is truly impressive. In this respect, he easily exceeds not only every other Senator but all 435 members of the House. Among them are the American Academy of Political and Social Science, the American Federation of Radio Artists, the American Municipal Association, the American Pharmaceutical Association, the First Congregational Church of Minnesota, the American Political Science Association.

ALSO, the American Public Administration Society, Boy Scouts of America (scoutmaster for five years), Benevolent and Protective Order of Elks, Foreign Policy Association, Fraternal Order of Eagles, Inland Waterways Corporation, Masons, Loyal Order of Moose, Minneapolis Junior Chamber of Commerce, Minnesota Welfare Conference, National Conference of the Christian and Jews, National Conference for Prevention and Control of Juvenile Delinquency, National Conference for Permanent FEPC, National Municipal League, National Public Housing Conference, Optimists, Sons of Norway, Oslo Lodge, United Nations Committee, Minnesota Chapter, Young Men's Christian Association, Phi Beta Kappa and Delta Sigma Rho.

IT may be that since January 1 Senator Humphrey has acquired a few more affiliations but these are those he himself listed at that time. Certainly, they testify to the extraordinary variety of his activities and his direct participation in numerous fields of human endeavor. Clearly, he has not missed many. If he should speak for all those organizations he would be a remarkable spokesman. Indeed, it would be a considerable achievement for any one man to absorb all their ideas and reconcile all their interests. It would keep him busy to stay abreast of their development and the mere raising of his voice in their behalf seems like a full-time job. Yet, raising his voice is one of the easiest things Senator Humphrey does.

NOT long ago Senator Humphrey wired young Franklin Roosevelt, who was unable to get the regular Democratic nomination for Congress to succeed the late Sol Bloom of New York, is running as an independent backed by the "Liberal party." The election is to be held in about two weeks. "Hurry up," characteristically wired Mr. Humphrey, "we need you!" Well, whatever Senator Humphrey needs young Roosevelt for, it isn't to help him raise his voice. He can do that without assistance from any quarter—and does.

### Blood Donors To Appeal For Financial Assistance

"The annual drive of the Bristol Blood Donors to procure funds for Lifeguard protection at the Silver Lake bathing beach is now under way. The money obtained is also used to maintain a first aid station at the beach in case of injury or accident that may occur. We also hope, if sufficient funds are obtained, to greatly improve the appearance of the beach and the surrounding area," says Walter VanBoren.

"The lifeguards who are on duty are qualified life-savers, and have Red Cross Life-Saving Certificates. It is planned this year to have the lifeguards on duty from 12 noon until 7 p. m. each day. This schedule will start Memorial Day, and will run only on week-ends until the schools start half-days and then will run every day until Sept. 11th.

"The idea of providing lifeguard service at the beach was conceived one evening in the summer of 1946, when the members of the Blood Donors were returning from the drowning of a small boy in the Lake. Plans were immediately made, and contributions were soon coming in. Lifeguards were placed on duty in mid-summer, and have been, due to the generous contributions of you—the public—on duty every summer since that time. And up to this date have made a total of 42 rescues from drowning, without a single fatality. We hope to keep this record of no drownings at the beach again this year, but can only do so if you, the contributing public, consider this a worthy project and contribute to it as generously as you have in the past.

"In the past week we have sent out letters to the various industries, clubs, merchants, doctors, etc., requesting their support and already we have had some returns, but many more are needed. It is also planned to conduct a door-to-door solicitation at a date to be later announced, but if you care to donate now just send your donation to—Bristol Blood Donors, Municipal building—room 311 and we will call for it. Please help us to help you and yours."

### Yardley Residents Ask Action Against Speeding

YARDLEY, May 10.—A number of Yardley residents have petitioned the local borough council to take action against excessive speeding on the main street of the borough.

It is pointed out by those signing the petition that there are no side-walks on that street, and that safety of pedestrians is at stake.

A letter was read from Edward Garlitts, secretary of the board of health, requesting council to appoint a dog catcher, declare a clean-up week and to consider the possibility and cost of spraying the borough with DDT. The matter was referred to the sanitation committee.

A committee was appointed to represent council at a joint meeting with the Yardley school board this evening. The session will deal with the reassignment of borough properties. Those to attend are George Bennett, and Frederick Bebbington.

Borough council adopted a new fire ordinance which will become effective May 23. It was reported that the maintenance work on Pennsylvania College, Harper Van Horn, Morgan and Letchworth Aves. will be done by the A. E. Barrett Co. of Trenton.

G. Susman of Morrisville requested permission to establish a taxicab service in Yardley. No action was taken, pending an investigation of the need for such a service.

## HOME TENNIS PLAYERS WIN 3 OF 4 TITLES

GEORGE SCHOOL, May 10.—Home tennis players swept three of four divisional titles to win top honors in the 17th George School invitation tournament Saturday while on the adjoining track three meet marks fell as Penn Charter School, paced by triple winner Dick Hazard, earned a close victory in the 17th track and field meet.

Defending champion Jim Sailer of George School outdistanced Episcopal Academy's Jim Whitmoyer to earn the blue ribbon in the first singles division, 2-6, 6-2, 6-3, and Johnny Zavitz of the Buff and Johnny Stroked his way to victory over Harrison Straley of Sidwell Friends School (Washington, D. C.) 6-1, 4-6, 6-2 in the number two singles bracket.

Joe Droege of Sidwell Friends outdressed George School's Larry Buitenswiler in the final round of the third category, 6-4, 6-4, but Ted Burr's 6-3, 6-4 win in the last tournament division brought the home team's average up to a successful .750. His opponent in the last round was Fred of Perkiomen School.

Pressed all the way by Admiral Farragut Academy of Pine Beach, N. J., the defending champions, Penn Charter's trackmen clinched the 27 to 26½ point win by Hazard's personal triumph in the 100-yard dash, javelin and broad jump. The versatile athlete leaped 21 feet 11½ inches in the broad jump to erase the two-year-old meet mark of 21 feet 6 inches, set by Henrie of George School.

Bob Cameron of Farragut, former national interscholastic shot put title-holder, heaved the 12-pound ball 54 feet 8½ inches for the second meet record, eclipsing an eight-year-old mark of 54 feet 7½ inches by Thornhill of Hun School.

Lowering his own meet record of 2:06 in the half-mile, Bob Day of Bordentown Military Institute sped across the finish line in 2:05 after a 4:42 win of his in the mile run had also helped his Cadets to 21 points and third place in the 17-team track meet.

George School, which wound up with 17½ points for fourth place, earned only one blue ribbon all through the long afternoon. John Satterthwaite put on a strong kick in the home stretch to take the 220-yard in 23.9 seconds.

Woodbury High School, Collingswood High, Perkiomen School, Pennington School, Germantown Academy and Germantown Friends were the other teams to score points as some 230 athletes wound up the 17th George School invitation track meet.

Victorious Penn Charter School was scheduled to return on Tuesday to the scene of its Saturday win for a dual meet with Coach Stan Sutton's cindermen, while on the same afternoon Coach Ed Thode's baseballers were to journey to Germantown Academy for the second away game of the spring. They dropped a 1-0 decision last week at Lawrenceville School, in spite of the three-hit pitching of Phil Cane.

This Saturday, spring parents day at George School, both the baseball team (Episcopal Academy) and the track team (Germantown Academy) will see action at home, while Coach Ernest Seegers' varsity netmen travel to Brooklyn Polytechnic Prep School seeking their third win in four starts.

## ST. ANN'S TO PLAY 1ST LEAGUE GAME HERE THIS EVENING

St. Ann's A. A. will play its first game in the Trenton Industrial League this evening as it meets the American Steel team on Memorial Park field. Games will begin at six o'clock.

The "Saints," Bristol Suburban League champions for the past three seasons, joined the Trenton loop last week and is two weeks behind in the schedule.

Manager John "Spike" Scordia, who has been pilot of the Wood street team for the past three years, has announced that Gene Saraganes will do the hurling for his team with Barney Ludwig behind the plate.

Scordia will have most of the players from his last season's team in the line-up, including: Fred Barbetta, Bert Barbetta, Tony Palumbo, Joe Sallustio, Joe Ciarella, and Lou Sassi.

American Steel is in the thick of the Industrial League race. It is most likely that Ray Cerensak will twirl for the Steelers with Joe Walsh doing the catching. Manager "Chick" Bublitz's team has several players well known to the fans of this section. "Jim" Yeager, of Morrisville, patrols left field. "Mike" Rossi is the rightfielder, with Reynolds Funari the first sacker.

## CHICHELETTI PITCHES FIRST SHUT-OUT GAME

"Nate" Chicheletti pitched the first shutout game of the Bristol Suburban Softball League last evening as he blanked the Fleetwing Estates team for the Second Ward A. C. Final tabulation was: Second Ward, 5; Estates, 0. The game was played on the losers' field.

In handling the Estates their seven goose-eggs, Chicheletti permitted but four safe blows. He struck out two batters and walked three and was given errorless support by his mates.

"Jimmy" Sottile handled seven chances at third base for the winners while Gene Barbetta came up with five chances at shortstop.

Second Ward practically clinched the game in the first inning when it tallied three runs on a walk to Perrone, a double by Leo Fiorello, and singles by Jim Sottile and Frank Chicheletti. Estates was also charged with two errors in this session.

"Sammy" Sottile helped his team along in their hitting attack by getting a triple in the third and duplicating the blow in the fifth.

## BENSALEM JUNIOR NINE TROUNCES BRISTOL JR. NINE

CORNWELLS HEIGHTS, May 10.—The Junior High team of Bensalem Township trounced Bristol Junior High yesterday afternoon in a Lower Bucks League game on the high school field. Final score was 14-2.

With the exception of Bristol, every player in the Junior Owls' lineup shared in the batting orgy with Bob Ballist leading the batters with three singles.

Tosh Kaname started the second inning for Bensalem with a home run to left center field. Kaname scored four runs in the game.

Jack Weaver who did the hill chores for the winners allowed Bristol but three scattered blows and whiffed thirteen batters.

## PENNSBURY TEAM HITS HARD AND BEATS TOWNSHIP

Pennsbury Junior High had their hitting caps on yesterday as it wallowed the Bristol Township nine, 15-8, on the latter's field, in a Lower Bucks J. H. League game.

Fifteen hits whistled off the bats of the Pennsbury hitters and leading the onslaught were Mayo, Sacks, and R. Bray. One of Sacks' blows was a triple with one on base in the fourth.

In the fourth, Pennsbury had a pair of triples and Powell climaxed the drive with a home run.

"Bill" Cummings started on the mound for Township but before the game was over, four other hurlers followed. Bob Ashby, Rigby, Allan Holston, and Joe Muth all took a turn on the hill. Muth had two of the eight hits credited to Township.

## FRANKLIN A. C. OPENS SEASON WITH VICTORY

### BRISTOL SUBURBAN SOFTBALL LEAGUE

Schedule for Tonight  
FIFTH WARD—NO. 1 FIRE CO.  
(Memorial Park Field)

Rallying for two runs in the final frame, the Franklin A. C. opened the Bristol Softball League with a close 9-8 victory over Jefferson A. C. last evening on Memorial Park field.

A large crowd attended the season's inaugural and witnessed Steve Lelinski cross the plate with the winning marker on a fly ball to right field by Freddie Field.

Jefferson had counted twice in their turn at the plate to take an 8-7 edge. But Angelo Spinelli gave the Franks a life when he singled to center. Lelinski batted for Reggie Jerome and drew a walk off.

"Willie" Salerna, Rocco Sagolla laid down a bunt but Salerna tossed wild to first scoring Spinelli with the tying run. Kervick was passed to load the sacks but Field lifted a fly to Ciambella and Lelinski tagged up and scored.

The losers out hit the winners, 11-7. Tony Palumbo and Tony Cauti led Jefferson at the plate with three hits each. Field had two hits

for the winners and drove in three runs.

## SUBURBAN LEAGUE ORGANIZES WITH VOLTZ AS PREST

Bristol Suburban Baseball League at a meeting elected Paul C. Voltz president for the coming season.

Mr. Voltz succeeds Joseph A. Diamanti, who had led the league for the last three years. Previous to that, Mr. Voltz had been head of the organization for seven years, almost from the time the league was founded.

Six teams will comprise the league this year with three new teams fielding nines. The newcomers are Flannery's Aces from Penn-del, West Bristol A. C., and Edgely. The holdovers from last season are Voltz-Texaco, Lewis Lodge and Hibernians. The champion St. Ann's team has joined the Trenton Industrial loop.

At the meeting the franchise was closed and the opening date was set for Tuesday evening, May 16. Games will be scheduled every Monday and Thursday and will be twilight contests of nine innings. Each game is to start at six p. m.

A schedule of 20 games was decided upon and the season will be divided in half, 10 games to each period. The winner of the first half will meet the winner of the second

half for the championship in a five-game series in the fall.

The entire constitution and by-laws were drawn up and approved with the exception of decision on the umpires. Strong consideration is being given to using local umpires as was done a few seasons ago. Local umpires will be used with "Nev" McGinley in charge.

Representatives at the meeting were: Pennel, Andrew Sodano, West Bristol, James Ellis; Edgely, Robert Elker; Lewis Lodge, Walter Keyes; Hibernians, Morris McCurry; Voltz, Barney Ludwig.

## Condition of Dump Is Discussed in Council

Continued from Page One

cycle officer check on the trucks at the dump during the off hours.

It was stated that much of the trash is being brought from out of town and that all such persons should be stopped at once. "The dump will soon be filled, and then where is Bristol going to dump its trash?" was asked.

Councilman S. Joseph Alta said that the dump needs supervision but that the police department is now undermanned.

"Well, it is time that something is done," said Wallace.

Councilman Pearson volunteered to contact the trash collector and ascertain if he can give the dump more supervision.

## Third Casting Practice To Be Held Here Tonight

The third weekly casting practice session will be held this evening at 6:30 on the Memorial Park grounds, weather permitting, according to an announcement of the casting committee of the Bristol Fish & Game Protective Association this morning.

"Instructors will be on hand to give pointers to both youths and adults in the art of properly handling bait casting fishing rods," the announcement said.

"With the youth tournament for the C. W. Winter Trophy and other valuable prizes just about a month away, these Tuesday evening practice sessions should prove very helpful," a member of the committee said.

"And since the Bristol Fish & Game Protective Association meets this evening at 8 o'clock in the American Legion House, here is an opportunity for youngsters to bring their dads to the practice casting session and then go to the meeting of the Association," the announcement concluded.
